

CORNERSTONE

CHRISTIAN ACADEMY

Cornerstone Christian Academy is an independent college preparatory school which exists to glorify the Lord Jesus Christ by challenging its students to know Him as Lord, to think biblically, and to grow in knowledge and skill that they may serve and influence the world in His name.

WHAT TO EXPECT IN EARLY EDUCATION 3/4-YEAR-OLDS

Within a secure and nurturing community, young children are taught foundational truths which foster spiritual, physical, social, emotional and intellectual development. Scripture is the basis for teaching, training, and instilling a love for God and learning. Thus, Early Education begins the journey for young children to discover who God is and who He has created us to be in Christ.

Curriculum is taught through an integrative approach where subject matters are woven together, and the material is presented in a hands-on, experiential way that promotes discovery-based learning.

BIBLE

The Bible is the standard of absolute truth and the ultimate authority for all of life. Biblical instruction challenges students to come to know the God of the Bible, so that they develop a worldview centered on the gospel of Christ enabling them to live lives pleasing to Him.

Weekly study and memory verses will cover the following:

Names of God	Daniel
Prayer	Birth of Christ
Creation	Life and Ministry of Christ
The Fall and Sin	Death and Resurrection of Christ
Abraham, Isaac and Jacob	The Early Church
Moses	Paul and Silas
David	Christ's Return

MATH

Mathematics is the language of God's precise and deliberate design. The study of mathematics enables students to understand and articulate the logic and patterns of God's created order, and reveals that He is a God of detail and purpose.

Daily lessons and investigations are carefully sequenced to incrementally develop a spectrum of skills and concepts.

Concepts include:	
Counting (1-30)	Spatial Concepts
Digit Recognition (1-20)	Sequencing (first, next and last)
One-to-One Correspondence	Place Value
Sizes	Number Sense and Numeration
Comparisons	Subitizing
Shapes	Measurement
Sorting (by color, shape and size)	Temperature
Patterns	Graphing

SCIENCE

Science is the study of the natural world as spoken into existence by a creative God. Students study science in order to increase in knowledge of the Creator by means of exploring His design and purpose. This knowledge will prepare them to subdue and steward the physical world for the glory of God and the good of mankind.

Concepts include:		
Observation	Cause and Effect	Weather
Questioning	Motion/Energy	Five Senses
Predictions	Plants	Chemical Reactions

LANGUAGE & LITERACY

Language is God's gift to man in order to establish a relationship with Him and to live in community with one another. As a foundation to all other learning, the language arts are essential for thinking and communicating effectively, comprehending oral and written material, and developing a love for God's Word and other literature.
